

Stay are delivering a suite of FREE specialist domestic abuse training and awareness sessions for front line professionals and organisations working in the Telford and Wrekin area.

Specialist Domestic Abuse Training

VAWG: Understanding Violence Against Women & Girls

- Gain knowledge of what "VAWG" means
- Understand examples of gender-based crimes
- Explore the demographics of VAWG
- Gain increased awareness of VAWG Strategy outcomes
- Explore what you can do to reduce VAWG and support victims

Understanding and Responding to Rape & Sexual Violence

- Have knowledge of the definition and prevalence of rape and sexual abuse/violence
- Understand the myths and attitudes that affect how rape is dealt with
- Understand the law in relation to rape and sexual violence
- Recognise some of the effects of being a victim of rape and sexual violence
- Learn what local services/care pathways are available for victims of rape and sexual violence.

Coercive Control

- Understand what coercive control is and the difficulties that victims/survivors face
- Explore the myths and stereotypes regarding domestic abuse/violence and victim blaming
- Understand coercive control/DV within a context of power and control
- Understand the law, criminal justice system and policing practice in coercive control and how to access support services for victims/survivors
- Explore professional responses to victims of coercive control/DA.

Honour Based Abuse & Forced Marriage

- To define 'honour-based' violence/abuse and understand types of HBA, prevalence and barriers and distinguish features between a forced/arranged marriage; gaining insight into risk indicators and the impact on victims, their children, and families
- Explore the myths and stereotypes associated with HBA and how this affects response and outcome
- Explore how to respond to victims of HBA/ FM including protection orders and specialist services safely and appropriately.

FGM (Female Genital Mutilation) & Other Harmful Practices

- To define FGM, and other harmful practices
- To increase awareness of prevalence, origins, and why these practices are carried out
- Understand the effects of FGM, both short and longer term and increase knowledge of signs and risk indicators
- Explore common myths and misconceptions associated with FGM and other harmful practices
- Gain confidence to support victims and understand duty of care in relation to those at risk.

Elder Abuse

- Be able to define elder abuse including neglect, exploitation and domestic abuse
- Increase understanding of the scope of the problem of elder abuse and the community impact
- Gain knowledge and risk factors as they pertain to the victims and the perpetrators
- Understanding how to support victims of elderly abuse and safeguarding duties

How to understand, and use, the DASH Risk Assessment

- Gain confidence of how to ask domestic abuse/violence related questions
- Increased understanding of what the DASH (Domestic Abuse Stalking & Honour based violence) assessment is, and how it works
- Gain insight/refresh knowledge of the referral criteria for MARAC (Multi-Agency Risk Assessment Conference)
- Explore the most common "Do's" & "Don'ts" when completing the DASH
- Understand what MARAC is and how the process works
- Gain further knowledge of support for victims, including safety planning, apps and local specialist services

...the presentation style is very engaging, this allows for a safe learning environment, but also an online environment that makes you want to learn and know more. The trainers knowledge and passion around this subject area is excellent and oozes through the way its presented, without being overpowering..."
