

# What's the bigger picture?

**To protect young people from harm when dealing with incidents where both victim and offender are children you must:**

## **DEVELOP THE FULL PICTURE**

Assess the risks and needs of all children involved to establish all the facts and to develop the whole picture.

## **FOCUS ON WHO NEEDS TO KNOW**

Share information with the relevant agencies. Check with your supervisor if you're not sure who this should be.

## **NOT SETTLE FOR SNAPSHOTS**

Gather all the facts and history. Build a full picture, have professional curiosity.
